Proposal for Company Website Design & Development

Dear, TOP CLASS PROPERTIES & INVESTMENTS LIMITED

Thank you for considering **MathCloud-Tech Web Service** for your website design and development needs. We are pleased to present this proposal outlining the scope, deliverables, timeline, and cost of creating a professional and modern company website tailored to your brand.

---

1. Project Overview

We propose the design and development of a fully responsive, modern, and user-friendly company website that reflects your brand, supports your services/products, and enhances online presence. The website will include core business information, interactive features, SEO optimization, and mobile compatibility.

---

2. Features & Functionality

The website will include the following features:

A. Core Pages

- Home
- About Us
- Services / Products
- Gallery / Portfolio
- Contact Us (with Google Map and contact form)

B. Functional Features

- Custom, responsive UI/UX design
- Admin panel (optional CMS for blog or updates)

- WhatsApp & social media integration
- Live chat plugin (optional)
- SEO basic optimization
- SSL Certificate integration (for security)
- Contact Form with auto email reply
- Google Map integration
- Performance optimization for fast loading

---

3. Technical Details

- **Technology Stack**: HTML, CSS, JavaScript, PHP or Firebase (optional), CMS (WordPress or custom)
- **Hosting Type**: Shared or Cloud-based (as preferred)
- **CMS**: Optional (WordPress or Custom Admin Panel)

---

4. Timeline

Milestone	Duration
Requirements & Planning	1 – 2 days
Design & Prototyping	3 – 5 days
Development & Testing	5 – 7 days
Final Review & Deployment	1 – 2 days
Total Estimated Time	**10 – 14 days**

---

5. Cost Breakdown (in Naira ₦)

Item	Description / Note	Amount (₦)
Domain Name (1 year)	`.com.ng` or `.com`	₦55,000
Web Hosting (1 year)	Secure and fast shared hosting	₦35,000
SSL Certificate (Free/Optional)	Free SSL via Let's Encrypt or Paid	₦8,000
Website Design & Development	Full responsive and optimized website	₦150,000
Admin Panel (Optional CMS)	For dynamic content/blog control	₦40,000
Maintenance & Support (1 Year)	Updates, security checks, backups	₦15,000
Total Estimated Cost		**₦303,000**

---

6. Payment Terms

- 60% upfront to commence the project
- 40% upon completion and approval

Payment Methods: Bank Transfer or any preferred method
Account Details: [Insert Bank Name, Account Number, and Account Name]

---

7. Deliverables

- Fully functional website (all pages and features)
- Admin access (if CMS is included)
- Source files and backups
- Hosting and domain credentials
- Support documentation / video guide (if required)

---
